Vertical farming: disrupting agriculture - Big Think

Fight or flight. Banks should take a clear stance against fintech and stop sitting on the fence. This can be achieved by either directly competing with startups to pursue disruptive innovations (in a sense, disrupting themselves), or by retreating to traditional, simpler, but still lucrative banking. Stop investing in startups.

Fintech and Banks: Four Ways Banks Can Respond Better | Toptal

Its key innovation, though, was less on the technology side and more on the accounting side. Before SolarCity, the cost for getting a solar roof installed was between \$30,000 and \$50,000 upfront. SolarCity pioneered the "solar lease" strategy, which allows homeowners to get their roofs installed for free and pay back the installation costs ...
